VOICEOVER:

The ISQM 1 standard requires firms to have an integrated and customized system of quality management. Firms need to implement the standard by December 2022.

00:00:11:03 – 00:00:23:28

VOICEOVER:

But quality? It takes time. If your firm uses spreadsheets to meet the standard, you might miss important relationships in your system. Your system of quality management might fall short.

00:00:23:28 – 00:00:33:21

VOICEOVER:

You need quality. Quick. You need? Efficiency. To standardize quality? Make it efficient. Build it in.

00:00:33:21 – 00:00:45:19
